Flight training abroad by C-2

This is to inform that the above will be implemented as follows.

1. Purpose
   Ascertaining flight routes and regional characteristics in the Asia and Oceania areas, the Koku-Jieitai will improve the ability of transport aircraft (C-2) operating personnel to perform missions outside Japan.

2. Periods
   February 24 (Sun) to March 5 (Tue), 2019

3. Destinations
   a. Mactan Cebu International Airport (Cebu/Republic of Philippines)
   b. Avalon Airport (Avalon/Australia)
   c. Nandi International Airport (Nandi/Republic of Fiji)
   d. Guam International Airport (Guam/United States)

4. Participating Units and others
   a. Participating unit
      3rd Tactical Airlift Wing
   b. Number of participants
      16 people

5. Remarks
   a. Participation in “the International Chiefs of Air Force Forum” and “the 2019 Australian International Air Show and the Aerospace and Defense Exposition” (hereinafter referred to as “Avalon Airshow”.) at Avalon Airport and exchanges between units with the Royal Australian Air Force and other participating Air Forces.
   b. Exchanges between units and Fijian forces at Nandi International Airport
   Note: It is the first time for Koku-Jieitai to make a port call to the Republic of Fiji.
