

Koku-Jieitai participated in Pacific Crown 21

On 9 September, the Koku-Jieitai's F-35A participated in Pacific Crown 21 in the eastern airspace of Kanto region. F-35B of UK Royal Air Force and US Marine Corps also participated in the exercise, marking an historic opportunity for the three countries' latest fighters to train together for the first time. Such a training is beneficial for enhancing tactical capabilities and interoperability between Japan and UK as well as among Japan, US, and UK. The Koku-Jieitai will contribute to the stability of Indo-Pacific region by strengthening deterrence and response capabilities.
