

Meeting with Civil Engineering Key Leaders

On March 16, 2022 the Koku-Jieitai (JASDF) participated in Koku-Jieitai-Pacific Air Forces(PACAF/USAF), Civil Engineering Key Leaders Engagement, was held at Joint Base Pearl Harbor Hickam, Honolulu, Hawaii, USA. The purpose of this engagement is to deepen mutual understanding between Koku-Jieitai-PACAF in the field of Civil Engineering, which is a key area to support air operations. The meeting also focused on improving bilateral damage recovery capabilities and enhance durability of facilities used by the two air forces. Improved damage recovery capabilities through bilateral collaboration particularly supports Koku-Jieitai-PACAF bilateral response capabilities and contributes to the peace and stability of this region.

To enhance tactical skills through Koku-Jieitai-PACAF cooperation, the Koku-Jieitai will continue to enhance and maintain a cooperative and trusting relationship with the PACAF in various areas, including in the field of civil engineering.
