

## The Koku-Jieitai participated in WPS symposium

---

On 23 Mar, the Koku-Jieitai (Japan Air Self-Defense Force) participated in the WPS (Women, Peace, and Security) Symposium hosted by the 5th Air Forces at Yokota Air Base. During the Symposium, the participants shared the efforts of the Ministry of Defense and the Koku-Jieitai on promoting women's active participation, and recognition of the status quo and challenges on it with others. Besides, we had a meaningful exchange of opinions on the promotion of Japan-US cooperation for the way forward in this area. The Koku-Jieitai will continue to cooperate with the US in various fields.
