

Japan-Indonesias Subject Matter Expert Exchanges

From July 26 to 28, Koku-Jieitai(Japan Air Self-Defense Force) and Indonesian Air Force conducted a subject matter expert exchange in Jakarta regarding warning and surveillance as well as humanitarian assistance and disaster relief. Through an active discussion and exchanges for three days, they shared high professionalism and expertise, and also deepened mutual understanding and confidence. We will continue to strengthen defense cooperation and exchanges with Indonesian Air Force to maintain safety in the air and enhance disaster response capability in the Indo-Pacific region.
