

JASDF participated in USSPACOM's Global Sentinel 2022

From July 25 to August 3, Koku-Jieitai (Japan Air Self-Defense Force) and 24 other countries participated in Global Sentinel's annual capstone event hosted by U.S. Space Command at Vandenberg Space Force Base.

In this exercise, the participants engaged in training, information gathering, and opinion exchange on Space Situational Awareness (SSA) to deepen their knowledge on SSA and they reaffirmed the intention to strengthen cooperation among participating countries.

Koku-Jieitai will steadily promote the space programs, contributing to stable use of the space.
