

Koku-Jieitai established 'Reconnaissance Group'

On December 9, Koku-Jieitai (Japan Air Self-Defense Force) held the 2nd seminar of 2022 for members of MAAT (Military Attaché Association in Tokyo), and Defense Attachés from 17 countries participated.

During this seminar, we explained Science & Technology (evaluation of various tests such as air-to-air refueling tests involving multiple countries) and projects related to start-up companies, and promoted understanding of the relationship between Koku-Jieitai and Science & Technology.

Koku-Jieitai appreciates the day-to-day cooperation of MAAT members, and looks forward to continuing to collaborate with them closely.
