

Participation in Schriever Wargame 2023 hosted by STARCOM, United States Space Force.

From March 20 to 31, Koku-Jieitai (Japan Air Self-Defense Force) participated in multilateral table-top exercise, Schriever Wargame 2023 hosted by the United States Space Force.

This 16th exercise focused on establishing international cooperation in space domain. Its purpose is to achieve strategic goal through multi-domain operation by integrating participating nation's space operations and by building up resilient space architecture.

Koku-Jieitai, through 4th participation in the exercise, has developed a trusting relationship with other participants and strengthened space multilateral cooperation by discussing combined space operations planning.

Koku-Jieitai will continue to contribute to the stable use of space by deepening space cooperation with our ally and like-minded countries.
