

Subject Matter Expert Exchange on Aviation Meteorology with UAE

From October 3 to 4, Air Weather Group and 4th Technical School, Koku-Jieitai welcomed three officers from the United Arab Emirates Air Force and Air Defence, and conducted subject matter expert exchange on aviation meteorology with the cooperation of the Embassy of the United Arab Emirates, the Military Attaché Office. Participants from both sides actively exchanged views on each initiative and interest in aviation meteorology, deepening mutual understanding and trust among professionals at working level.

The Koku-Jieitai (Japan Air Self-Defense Force) will strengthen the bilateral relationship and contribute to peace and stability in the region through defense cooperation and exchanges with the UAE Air Force and Air Defence.
