

FY 2024 Integrated Air Defense Missile Shooting Practice (I-ASP)

From September 24 to November 23, Koku-Jieitai (JASDF) conducted Surface-to-Air Missile unit live fire training in the United States.

In this training, Koku-Jieitai participated in JASDF/JGSDF (Japan Ground Self-Defense Force) combined live firing and JASDF/US Army bilateral live firing to enhance joint response capability.

IAMD SMEE (Subject Matter Expert Exchange) also took place to deepen the mutual understandings among the participating units.

Koku-Jieitai will continue enhancing its tactical skills of patriot units and strengthen its cooperation with ally and like-minded countries.
