

Participation in Women, Peace and Security in Military Operations Workshop hosted by the USFJ. Forces at Yokota Air Base

Based on the MOD WPS Promotion Plan, Koku-Jieitai (JASDF) plan to promote various WPS initiatives in Koku-Jieitai.

On 22-23 April, Koku-Jieitai members participated in the Women, Peace and Security in Military Operations Workshop hosted by the USFJ (the United States Forces Japan) at Yokota Air Base with other MOD/JSDF members. We exchanged opinions through panel and group discussions. Koku-Jieitai has learned good practices from the experiences of U.S. Forces and reaffirmed the importance of U.S.- Japan WPS cooperation.

Koku-Jieitai will continue to promote WPS initiatives and further strengthening Japan-U.S. Alliance working together with U.S. Forces.
