

JASDF participated in Mobility Guardian 25

From July 13 to 27, the Koku-Jieitai (JASDF) participated in Mobility Guardian 25, a multinational joint training exercise held in Guam, the United States, and the Republic of Palau.

Koku-Jieitai has conducted C-130H airdrop, take-off and landing on rough ground, on/off Loading of cargo, command post activities, and other trainings to improve tactical transportation skills and Japan-U.S. joint response capabilities as well as to deepen the mutual understandings with other participating countries.

As the security environment surrounding Japan and the region is becoming ever severer, Koku-Jieitai will continue to contribute to the regional peace and stability in cooperation with ally and like-minded countries to realize a “Free and Open Indo-Pacific.”.
