

## Participation in Schriever Wargame 2025 hosted by STARCOM, U.S. Space Force

Members of Japan Air Self-Defense Force / Koku-Jieitai participated in Schriever Wargame 2025 hosted by Space Training and Readiness Command (STARCOM), U.S. Space Force for 10-21 August at Maxwell Air Force Base, Alabama. More than 350 players from 10 nations had wide-ranging discussions from strategic to operational level on responses to various situations in outer space.

The lessons derived from the wargame provided the participants with sharper insights into future-oriented use of the space domain and related readiness development. Also, the relationship and mutual understanding deepened during the event further reaffirmed the necessity of multilateral cooperation to maintain the stable use of space.

Koku-Jieitai will keep working on enhancing its readiness in the space domain in contribution to the stable use of space, the indispensable factor of our national security.
